CALL FOR PAPERS

http://www.ic-wcsp.org

The International Conference on Wireless Communications and Signal Processing (WCSP) aims to gather international researchers from academia and industry to meet and exchange ideas and recent research works across the broad field of ICT technologies. The event of WCSP 2024 will be held in Hefei, Anhui, China, on October 24-26, 2024, with the theme "Charging up wireless communications and signal processing with intelligence".

Technical Symposia: Prospective authors are welcome to submit original technical papers for publication in the conference proceedings and for presentation at the following symposia through EDAS (http://edas.info):

1. Information, Coding, and Learning Symposium

2. Wireless Channel, Transmission, and Access Symposium

3. Wireless Networking, Services, and Security Symposium

4. Convergence of Sensing, Communication, and Computing Symposium

5. Optical, Satellite, Aerial, and Underwater Communication Symposium

6. Internet of Things Symposium

7. Multimedia Processing and Communication Symposium

8. Semantic Communication and Networked Intelligence Symposium

Publication: All accepted and presented papers will be included in the WCSP2024 Conference Proceedings. Papers published in WCSP 2009-2023 have been included by IEEE Xplore Digital Library and indexed by EI Compendex.

Important Dates:

Submission deadline: Jun. 25, 2024

Acceptance notification: Aug. 25, 2024

Camera-ready paper: Sept. 5, 2024
