

Call for Sponsors and Patrons

About WCSP

The annual International Conference on Wireless Communications and Signal Processing (WCSP) is the largest and most prestigious international conference in the areas of wireless communications and signal processing held in China. It provides a 3-day forum that brings together more than 250 international researchers from academia and practitioners in industry to meet and exchange ideas and recent research works. WCSP 2025 will be held in Chongqing, China on October 23-25. It will feature around 20 sessions and 8-10 keynote speeches.
